OUR HISTORY

OUR HISTORY

Homemakers completed the construction of **Kalyan Residential** in 2011, a **G+3 residential building** with a built-up area of 6100 sq. ft. Located near Kalyan Railway Station. Designed for comfortable urban living, the project offers excellent connectivity and convenient access to nearby amenities.

Built with a focus on quality construction and functional design, Kalyan Residential reflects Homemakers' commitment to delivering reliable and well-planned residential developments.

OUR HISTORY

In 2013, Homemakers undertook the construction of **Nawada Residential** in Kalyan as a contracting firm. The project featured a G+4 storey residential building with a built-up area of 8500 sq. ft., completed with an emphasis on superior quality, timely execution, and robust construction standards.

OUR HISTORY

In 2015, Homemakers worked as a subcontractor under API Civilcon Pvt. Ltd. for the construction of **Mumbai Public School** in Borivali West. The G+7 storey building, with a built-up area of 34,500 sq. ft., included block work, plastering, and gypsum work executed to high-quality standards.

OUR HISTORY

In 2016, Homemakers successfully executed the structural construction of a G+1 industrial building in **MIDC, Rabale**, as a subcontractor. The scope of work included the complete structural framework of the building, carried out with a strong emphasis on quality workmanship, safety standards, and efficient project management. The project was completed within the stipulated timeline, demonstrating Homemakers' expertise in delivering reliable industrial construction solutions.

OUR HISTORY

In 2019, Homemakers was awarded a subcontract under JB Constructions Pvt. Ltd. for the prestigious **Siddha Sky** project in Wadala. This landmark G+39 storey residential development consisted of three towers, and Homemakers was entrusted with the RCC and waterproofing works for two of them. The project was executed with a strong emphasis on quality, structural integrity, and timely delivery, showcasing the company's expertise in handling large-scale high-rise construction works.

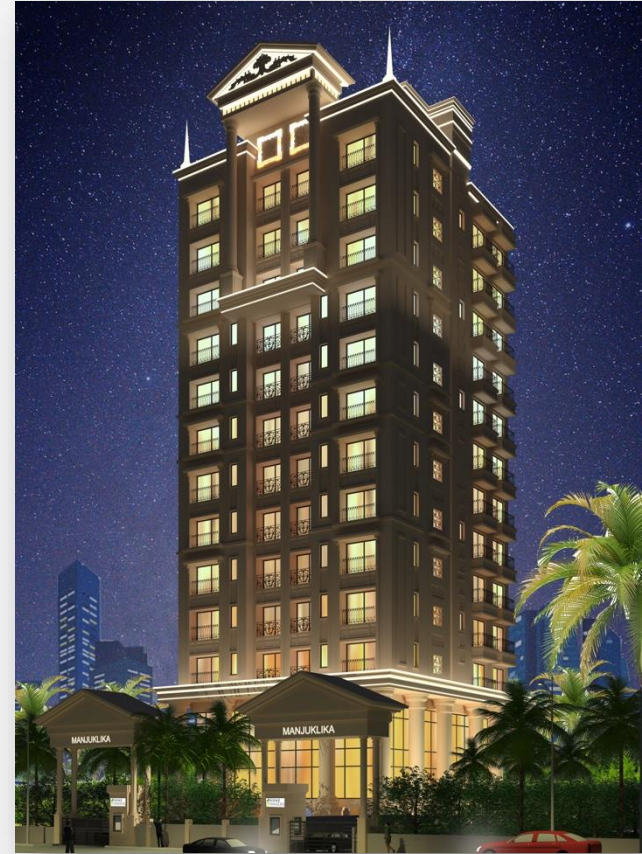

ONGOING PROJECTS

HM Mangala is a premium G+11 storey residential development by Homemakers, strategically located in Chembur with a total built-up area of approximately 40,000 sq. ft. Designed to offer a modern and comfortable lifestyle, the project combines quality construction with thoughtfully planned living spaces. Residents will enjoy a range of contemporary amenities, including a grand double-height lobby, fully equipped gymnasium, rooftop jogging track, yoga center, and other lifestyle-enhancing facilities. HM Mangala reflects Homemakers' commitment to creating elegant, functional, and community-focused residential developments.

ONGOING PROJECTS

HM Ellema is a premium G+16 storey residential development by Homemakers in Goregaon, offering approximately 50,000 sq. ft. of thoughtfully planned built-up area. Designed to provide a modern and comfortable lifestyle, the project combines quality construction with contemporary architecture and well-crafted living spaces. Residents can enjoy a range of premium amenities, including a grand double-height lobby, fully equipped gymnasium, rooftop jogging track, yoga center, and other lifestyle-enhancing facilities. HM Ellema reflects Homemakers' commitment to creating exceptional residential developments that cater to the needs of modern urban living.

UPCOMING PROJECTS

01

CHEMBUR

Introducing our upcoming Chembur Redevelopment Project: A 12-floor residential marvel centrally located.

02
